## Sahlins Struts

Here, you will get to visit an ordinary farm with extraordinary animals. Marvel at the curious ancient animals and let Gunnar or Kerstin tell you about the journey from the first chick that lived in their kitchen to today's ostrich farm with nearly 200 birds. Everything that is produced here on the farm is available for purchase from the farm shop - and there's no shortage of products. Here, you'll find all sorts of sausages, terrines, pâtés and burgers. But you'll also find less expected products here like soaps, chap sticks and creams that we make from ostrich fat. We also have the highly effective ostrich feather dusters. In the shop, you will also find beautiful, exciting and tasty products from other local food producers. The kitchen uses the eggs to make cakes and ice cream. A visit to Sahlins Struts includes a guided tour and you can also try feeding the ostriches if you like. Plus, coffee and cake and exciting shopping. Welcome!

## Murboannas

You will find us a few miles from Borlänge in the little town of Murbo. This is where we produce our cheeses and other dairy products – feel free to come and take a look round our dairy if you're curious! Right next door to the dairy is a shop selling our products alongside loads of other locally produced delicacies. One floor up, you'll find our large, high-ceiling café with beautiful views over Murbo and cows grazing outside the window in summer. Here, you can get goodies from the dairy and from other farms in Dalarna. We serve up tasty sandwiches, Swedish 'fika' and hot and cold drinks. We have a passion for cows, handicraft and all things locally produced. Welcome to a small dairy with a big heart.

## Skedvi Bröd

Here at our factory, traditions meets the present and the future in our knäckebröd factory, food hall, restaurant and dairy. In summer, we open our courtyard area for shopping and taste sensations. Here, you'll find a greenhouse, summer café and shops housed in old shipping containers. Come on in to the factory and feel the warmth and the smell of the knäckebröd bakery where Skedvi Bröd is baked by hand in wood-fired ovens. In the food hall, you can shop for all sorts of treats from small producers, many of them from Stora Skedvi and the surrounding area. During your visit, you can get a guided tour where we will tell you the story of how the knäckebröd bakery made a comeback with the support of the people and how the business has grown to become a taste destination. Then take a traditional Swedish fika in our wonderful restaurant where knäckebröd is of course the centrepiece, alongside raw ingredients from the town. We look forward to welcoming you!
